

INTRA - STAFF CORRESPONDENCE

Date: August 3, 1971

From: Office of General Manager

To: Mr. J. Paras

Subject: Quarterly Machine Data Run on personnel

The Chief Engineer was appointed by the Board of Directors, consequently he should be shown as permanent rather than temporary, as is the case of the Treasurer, the Comptroller and the Secretary to the Board.

I am sure we have two approved positions as Assistant Chief Engineer. Mr. E. Pappas has been appointed as Acting Assistant Chief Engineer and he should be so indicated in the report.

As a final summary on this report, I would like to see the total number of personnel on their regular payroll and I believe this to be 2,923.

cc: Mr. Th. Nestorides ✓
Mr. A. Anemoyannis

Robert B. Warren
Vice President
General Manager
